Pehle ye samjhein

Creator kamai, Sports verification aur National Award ka seedha guide

Is guide ka maksad

Yeh YourWorld app ke abhi ke monetization aur verification rules ka simple Roman Hindi summary hai. Creator Monetization Terms, app ki eligibility settings aur payment settlement rules ko dekh kar banaya gaya hai.

Yeh tax ya kanooni salah nahi hai. Final eligibility, credited amount aur payout app ke verified records, payment result aur lagu terms ke mutabik honge.

Sabse zaroori baat

- Sports badge ya National Award approval apne aap paisa, sponsorship ya fixed income nahi deta.
- Approved National/International Sports identity ya approved National Award se monetization program ke follower, watch-hour ya video-view targets kam ho sakte hain.
- Sports/Award status se creator aur platform ka revenue share nahi badalta. Share har earning type ke liye alag fixed rule se nikalta hai.
- Sirf view aane se pakki earning nahi hoti. Eligible ad revenue, confirmed paid purchase ya doosri asli credited earning honi chahiye.

Aage kya milega

- Eligibility: general creator, National sports, International sports aur approved National Award ke targets.
- Revenue: Courses/VIP, eligible ad-view income aur paid long videos ke share.
- Wallet: minimum withdrawal, KYC, schedule aur TDS.
- Sports aur Award: nationality, documents, intro video, review aur correction ke niyam.

Monetization ke liye eligibility

Har tier mein followers zaroori hain; watch hours ya video views mein se koi ek target poora ho.

General creator

- 15,000 followers, aur saath mein 2,500 watch hours YA 150,000 video views.

Approved National Sports profile

- 12,000 followers, aur saath mein 2,000 watch hours YA 100,000 video views.

Approved International Sports profile

- 10,000 followers, aur saath mein 1,500 watch hours YA 70,000 video views.

Approved National Award profile

- Current app logic mein approved National Award ke liye International tier wale targets lagte hain: 10,000 followers, aur 1,500 watch hours YA 70,000 video views.

Apply kaise hota hai

Followers ke saath watch hours ya views mein se ek target poora karna hota hai. App ka tracker progress dikhata hai. Target poora hona automatic payment ya automatic approval ki guarantee nahi hai.

- Creator Monetization Terms accept karke Monetization Program ke liye Apply dabana hota hai.
- Approved Sports identity ke liye National/International status dekha jata hai; Player aur Coach ke liye monetization threshold alag nahi dikhaya gaya hai.
- National Award ka benefit tabhi lagta hai jab Award verification status approved ho.
- Direct course/membership earnings wallet mein day one se track ho sakti hain; payout ke liye minimum balance aur KYC ke alag niyam hain.

Creator ki kamai ka hisaab

Share har source ke hisaab se alag hai; examples sirf samjhane ke liye hain.

Courses aur VIP Batches

Base list price ka 85% creator ka share hai aur 15% YourWorld platform service share hai. Buyer se base price ke upar 2% payment gateway processing fee li jati hai; yeh fee creator ke 85% share se nahi kaati jati.

- Example: course Rs 500 ka hai. Buyer total Rs 510 deta hai. Creator share Rs 425, platform share Rs 75, aur buyer processing fee Rs 10.

Ads aur digital impressions

Eligible advertising aur digital-impression revenue ka split 70% Creator / 30% Platform hai.

- Example: Rs 1,000 eligible ad revenue par creator ka share Rs 700 aur platform ka Rs 300 hota hai. Payout ke waqt TDS alag se lagta hai.

Paid long video

Paid long-video sale mein platform ka 15% share pehle alag hota hai. Payment gateway ka actual charge creator ki baaki rakam se kata jata hai; actual fee na mile to current settlement 2.36% estimate use karta hai. Bachi hui rakam creator ke account mein credit hoti hai.

- Example: Rs 199 sale par platform share Rs 29.85; gateway fee ka 2.36% estimate lagbhag Rs 4.70; creator earning lagbhag Rs 164.45, payout-time TDS se pehle.

Split kaun tay karta hai?

Settlement backend/database ke verified payment result se hota hai; app screen ya buyer ke diye hue custom amount se nahi. Payment retry se ek hi purchase par do baar earning ya access nahi milna chahiye.

Paid videos, Wallet aur payout

Earning balance, withdrawal threshold aur bank payout alag steps hain.

Paid long-video ki shartein

- Long video kam se kam 90 seconds ka hona chahiye.
- Creator price Rs 10 se Rs 9,999 ke beech set kar sakta hai.
- Confirmed payment ke baad hi buyer ko paid video access milta hai; creator khud apna paid video nahi kharid sakta.

Payout lene ke liye

- Minimum available creator balance Rs 5,000 hona chahiye. Yeh creator-share balance hai; payout ke waqt TDS katne ke baad net amount kam hoga.
- Payout details mein email, UPI ya bank account, IFSC, account-holder naam aur PAN diya ja sakta hai.
- KYC status Verified hona zaroori hai. Pending ya rejected KYC par payout request nahi chalegi.
- Payout schedule 15 din ya 30 din mein se chuna ja sakta hai; request chosen schedule ke mutabik process hoti hai.
- Creator Monetization Terms accept hona payout details save karne, program apply karne aur payout request ke liye zaroori hai.

Tax aur statements

Current app rule mein Section 194-O ke tahat payout par 1% TDS creator ke payout amount se ek baar deduct hota hai aur PAN ke against jama hota hai.

- Example: Rs 5,000 creator balance par 1% TDS Rs 50; andazee net payout Rs 4,950.

Wallet mein payout history aur Form 16A status dikhaya jata hai. App terms ke mutabik Form 16A har financial quarter ke end par PAN ke against issue/list hota hai.

Live earnings ka current status

Live Ended summary mein Rs 0.00 abhi placeholder hai. Current live-summary screen se real live earning split ya backend payout rule calculate nahi hota. Is amount ko actual settled earning na samjhein.

Sports verification ke niyam

Verified Sports status monetization tier ko badal sakta hai; badge khud earning nahi hai.

Nationality aur representation

- Country/Region ka matlab nationality hai, abhi aap kahan rehte hain yeh nahi. India nationality wala athlete abroad rehkar bhi Indian categories ke liye apply kar sakta hai.
- India select karne par National aur International representation options khule rehte hain. Non-India country par National categories band hoti hain aur sirf International Player/Coach option rehta hai.
- Country save karne ke baad ek baar badal sakte hain. Sports ya National Award application submit hote hi country permanently lock ho jati hai.

India National proof

Indian National category ke liye valid Indian identity proof chahiye: Aadhaar, Indian Passport, ya Voter ID. Foreign passport/ID ko Indian category ka proof maan kar approval nahi hona chahiye.

Sports account ka duplicate rokne ke liye full name, father name aur date of birth ka trimmed/case-insensitive match dekha jata hai. Pending ya approved matching account hone par nayi duplicate registration block hoti hai.

Competition aur Coach evidence

- National competition list mein selectable event National Games (India - IOA) hai. Player se official National Games medal certificate manga jata hai.
- Coach National Games medal certificate ya full regular Coaching Diploma de sakta hai. Diploma ke liye ek multi-page PDF ya front/back ki do images; diploma route par competition entry optional ho sakti hai.
- Foreign applicants ke liye Olympic/Paralympic Games, World Championships, World Games, Asian/Continental Games, Commonwealth Games, World Cup aur World Junior/Youth Championships jaise recognized international events allowed hain.
- Abroad tournament ke liye Visa/Stamp ya official final entry/selection list maangi ja sakti hai; apne home country ke tournament par official final list kaam aa sakti hai.

Sports intro video

Video 5-50 seconds ka, vertical 9:16 aur natural voice mein ho. Background music, song ya added audio effect allowed nahi.

Video mein: full name aur sport; National/International Player ya Coach role; city/state/country; main tournament achievement ya medal; aur @YourWorld username batayein. Camera par certificate dikhana zaroori nahi.

National Award aur account safety

Award approval verification hai; isse alag se cash prize ya fixed payment nahi milti.

App mein dikhaye gaye award options

- Bharat Ratna.
- Padma Award: Padma Vibhushan, Padma Bhushan ya Padma Shri.
- Param Vir Chakra ya Ashoka Chakra.
- Shaurya Chakra ya Kirti Chakra.
- Sena Medal (Gallantry).
- President’s Police Medal for Gallantry (PPMG).

Award application ke proof

National Award verification India nationality ke liye hai. Indian identity proof Aadhaar, Indian Passport ya Voter ID mein se dena hota hai. Award certificate/Gazette record aur identity details review ke liye hote hain.

Award intro video 5-50 seconds, vertical 9:16 aur natural voice ka ho; music, songs ya audio effects nahi. Ismein full name; Award name aur milne ka year; city/state/country; achievement ka field/category; aur @YourWorld username batayein. Camera par certificate dikhana zaroori nahi.

Current upload rule: identity/certificate PDF, JPG ya PNG; intro MP4, WebM ya MOV, 50 MB se kam. Verification evidence private rehta hai; Award intro video verified profile par public dikh sakta hai.

Review, correction aur fraud rules

- Aam taur par review 12-72 working hours leta hai. YourWorld official Gazette, Ministry ya official honours portal se cross-check kar sakta hai.
- Jhoothe, badle hue ya misleading documents mana hain. Galat information par application reject, approved badge revoke, ya account restrict/suspend ho sakta hai; lagu kanoon ke mutabik action bhi ho sakta hai.
- Pending/approved application ke fields aur files locked rehte hain. Rejection/correction par sirf reviewer ke reason mein flagged evidence replace hota hai; identity, country aur award details unlocked nahi hote.
- Sports/Award ke identity documents private review evidence hain. Award intro video ko profile par dikhaya ja sakta hai; verification record zaroori security/legal kaam ke liye rakha ja sakta hai.

Ek line mein nateeja

Verified Sports ya National Award profile monetization ke liye kam targets de sakta hai. Actual creator earning phir bhi eligible revenue ya paid purchase se banti hai; payout ke liye terms, Rs 5,000 balance, verified KYC aur tax rules poore karne hote hain.
